## FOREWORD

Students and parents are expected to become familiar with the requirements of the district wide Code of Student Conduct and Parent Handbook and the rules and guidelines adopted and implemented by their individual school based upon their School-Based Discipline Management System. Students are also expected to abide by the policies set forth in the Code so that they can truly get the most out of their years in school.

The School Board of “**APV – FFL**” has adopted this Code of Student Conduct and Parent Handbook (the “Code”) in accordance with Section 12.131 of the Texas Education Code, in order to clearly communicate standards for expected student conduct, the disciplinary consequences which may be applied to students who violate those standards, and the applicable procedures for the implementation of disciplinary consequences. All students must comply with the Code. Definitions of words and phrases used throughout this Code are provided at the end of the handbook.

Parents and students are encouraged to contact campus administration with any questions or concerns regarding the requirements and provisions of the Code. Parents and students are expected to review and be familiar with the provisions of the Code. Lack of knowledge or

awareness about any School rules, including this Code, will not excuse violations of the Code. Parents and students will be required to sign a statement acknowledging receipt and understanding of the Code. A copy of this Code is available at the front office and at [www.amigosporvida.com](http://www.amigosporvida.com).

## **THE LEARNER'S CREED**

I believe in myself and our ability to do our best at all times. Today, we will be Responsible, Respectful, and Ready.

### **Acceptance to APV-FFL**

In considering a student's request for admission, the school may consider the student's history of a criminal offense(s), juvenile court adjudication(s), or disciplinary problems under subchapter A, Chapter 37 of the Education Code, as evidenced by records received from schools previously attended by the student, law enforcement, or any other relevant documentation, and may exclude the student from admission on this basis.

If a student who would otherwise be ineligible for admission to the school provides false information on an admissions application or other enrollment document and as a result of the false information is admitted to the School, the student shall be immediately withdrawn from enrollment from the School upon discovery of the falsification. Falsification of information for the purpose of gaining enrollment in a public school is a criminal offense under § 37.10 of the Texas Penal Code. APV-FFL may elect to report the falsification to law enforcement or take any

other action permitted by law.

- Students must complete an application. Once the student is selected during the lottery, enrollment process begins. At this time, all required documents including birth certificate, immunization records, social security card, parent's ID, proof of residency and last report card.

# REQUIREMENTS FOR PROVIDING ASSISTANCE TO STUDENTS WITH LEARNING DIFFICULTIES OR MAY NEED SPECIAL EDUCATION

- If a child is experiencing learning difficulties, the parent may contact the teacher to learn about the district's overall general-education referral or screening system for support services. This system links students to a variety of support options, including referral for a Special Education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavioral support services that are available to all students.
- At any time, a parent is entitled to request an evaluation for Special Education services. Within fifteen (15) school days, the district must decide whether the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent. If the district determines the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if he or she disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the **Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities**. The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for Special Education is the principal of your child's school. The principal is familiar with the resources available and able to direct you to the appropriate personnel to address the learning issues your child is having.

# STUDENT ARRIVAL AND DISMISSAL PROCEDURES

APV-FFL is committed to providing a safe and enjoyable learning environment. The information provided highlights policies and procedures that will allow us to provide maximum safety for students as they arrive to and leave from school daily. **Breakfast will be from 7:15-7:45 a.m.** After school clubs will be from **4:00 – 5:00 p.m.** Students arriving after **8:05 a.m.** will be considered tardy and must enter through the front door and obtain a tardy pass from the front office before reporting to class. Dismissal will be at 3:30 p.m. Parents must be on time picking up their children after school. Late pick-up will result in a \$5.00 fee for every 15 minutes after 3:45 p.m. This fee will be charged per students and not per family. We recognize the importance of the school and community working together and request that you read this information carefully and follow the policies and procedures outlined.

## Morning Arrival

Students may enter the building beginning at 7:15 a.m. Parents who arrive earlier are asked to remain with their child/children. Staff is not on duty before 7:15 a.m. to supervise students. All students will use the cafeteria doors to enter the building. Students should exit the car on the passenger side only. Parents are asked to remain in their cars and be prepared to move quickly when students exit the car. There is only one car rider line and students should never exit their cars in the parking area to walk through car rider traffic without a parent. Students will not be able to enter the school using the front entrance unless accompanied by a parent who is coming to the office, if there is a scheduled parent/teacher conference or if the student is tardy. Parents must be sure to sign in at the office and obtain a visitor's badge. Keep in mind that students will not be allowed to go to any classroom until 7:30 a.m.

Please remember that students should be seated in the classrooms and ready to start the day by 8:00 a.m., so it is important that they arrive on time. If students are late to school, parents/guardians must sign them in at the office. Students should not be sent to the office alone to sign in. Parents/guardians will be contacted immediately to return to school to sign in late students who are sent into the building alone.

## Afternoon Dismissal

- In order to maximize instructional time and maintain an orderly school environment and safe dismissal, no student may be checked out of the office between 2:00 p.m. and 3:30 p.m. Your cooperation is appreciated.
- To ensure the safety of students during dismissal time, parents must wait outside of the building near the concrete benches to pick up their children or in the car rider line if they are car riders. A line will be formed to the left facing the front entrance of the school for parents who park their cars and walk to the entrance to pick up walkers. All families will be issued a car sign with the student's name to place inside the front window, which will help us with an efficient dismissal and ensure that we do not release students to anyone without a car rider sign. Designated older brothers and sisters may not come into the building to get their siblings and must also remain outside and wait for their younger siblings. Parents may not wait in front of the doors; this blocks students from coming out quickly and being picked up by their family members. Parents should only come into the building if they are signing their child out of school early (before 2:00 p.m.) or if they have a scheduled parent/teacher conference (after 3:30 p.m.) Because of dismissal responsibilities, teachers will not be available for conference until this time unless previous arrangements have been made. Teachers may not interrupt instruction or the supervision of students to speak with parents. Parents must request a conference time or leave a message at the front office or via ClassDojo. Teachers must respond to parent phone calls and/or parent letters within 24-hours or 1 school day.
- All students will exit through the assigned doors.
- Bus riders for all grade levels will be picked up 5-minutes before dismissal and taken to their respective waiting spots.
- At 3:45 p.m. all students who have not been picked up should be turned over to the office staff and will wait with the student(s) until they are picked up. Tardy fees will be applied.
- After-school club sponsors must finish dismissal duty and pick-up after school club students no later than 4:00 p.m.
- Students who are assigned administrative afterschool detention, must stay until 4:30pm unless specific permission to stay later has been granted.

## CELL PHONES

Students shall not use a cell phone during the instructional day from 7:15 am to 5 pm, (when after-school activities are in place), while riding to/from school on District transportation, or while participating in a school-sponsored extracurricular activity on or off school property.

In response to parental safety concerns, APV-FFL will allow elementary and middle school students to possess cell phones (including smartphones, and/or any other equipment such as smart watches.) with certain restrictions. While most students are respectful of the rules related to cell phones in the school setting, campus administrators still report many problems associated with the misuse of cell phones. These problems will continue to rise as technology advances and the devices get smaller. Administrators report that cell phones ring during class causing disruptions, students are distracted from instruction because they are sending/receiving text messages, and the

devices are used to cheat on tests and other classroom work. Students are also using cell phone technology to take inappropriate photos/videos, scan tests and other classroom work, etc.

In order to allow cell phones on campus during the school day, the following guidelines will be required of all students who choose to bring these devices to school:

- Cell phones must be turned off and must not be visible during the instructional day and/or at any time during any school activity. A cell phone that rings or vibrates IS NOT turned off. If a parent needs to get a message to their child, a cell phone turned off can still receive voicemail messages that can be retrieved after school hours. Cell phones should not be used to keep track of the time because cell phones must be off and not visible (i.e. cell phones become visible when pulled out of a purse or backpack). Cell phones should be completely out of sight (including cell phone holders).
- Students must keep cell phones in a purse, backpack, the cell phones may not be on a student's person.
- Instructional day defined. For cell phone purposes, the instructional day is as follows:  
Elementary and Middle School - 7:15 am to 4:00 pm unless the student in afterschool classroom activities (such as tutorials, fine arts rehearsals, athletic practices/competitions, club meetings, etc.) or detentions when the length of the instructional day is extended until the end

of these programs. These timeframe restrictions apply to school-related meetings/practices before school and after school.

- Afterschool use. When attending afterschool activities off campus, cell phones must be in “silent” mode inside the venue of an afterschool activity.(i.e. basketball game, choir or band concert, carnival, etc.).
- Responsibility. If a student brings a cell phone to school, it is the student’s responsibility to keep the item secure. The school will not be responsible for cell phones that are damaged, lost or stolen; however, as with other personal property brought to school, administrators will conduct investigations as time permits, in an effort to recover lost/stolen items or to determine the person(s) responsible for damages, and will assess consequences as appropriate.
- School Emergencies and Safety Restrictions. Ensuring that school officials, law enforcement officers and other emergency agencies will have adequate means of communication during an emergency is of utmost importance to the safety of all students. Therefore, students are asked to not turn cell phones on to make phone calls or send/receive text messages during an emergency situation that occurs at school until the crisis stage is over unless they are instructed to do so by a staff member or an emergency responder. Students will participate in emergency drills to prepare for these situations. (Parents are asked to refrain from making calls to the school since there are only a few phone lines, and these phone lines are strategic in communicating with emergency responders. In addition, parents are asked to refrain from calling cell phones or sending text messages to keep the airwave frequencies open for emergency responders. As soon as feasible, school personnel will allow students to make phone calls to parents).

**Noncompliance.** The following will occur when a student is not in compliance with the guidelines:

- The cell phone will be confiscated.
- The student who violates the cell phone guidelines will be assessed a disciplinary consequence at Level II for first and second offense(s) and at Level III for third and subsequent offense(s) as outlined in the *Discipline Management Plan and Student Handbook*. (Note: Participation in many extracurricular organizations is impacted by Level II and Level III offenses.
- The parent or guardian of the student will be allowed to reclaim the confiscated device by paying an administrative fee of fifteen dollars [(\$15) by cash as allowed by *Texas Education Code 37.082*. Fees collected will be designated for use toward school activities.

- Unclaimed Cell Phones. If a cell phone is not reclaimed by the parent/guardian within 30 days of the date of notification or the end of the school year (whichever is later), the equipment will be disposed by the school as allowed by State law.

An employee who discovers a student in possession of a cell phone in violation of this policy shall confiscate the cell phone and report the violation to the Principal or his/her designee.

Under no circumstances should cell phones be used to take pictures in the school facility. This is especially important because of privacy issues related to the Family Educational Rights and Privacy Act (FERPA), the federal law that protects student privacy. Confiscated cell phones that have the capacity to take photographs will have photos reviewed in the presence of the student prior to being claimed by a parent/guardian to ensure that no photos were taken during the school day that violate FERPA laws or school rules. Students will be required to delete school-related photos that were not taken at an event open to the public. Additionally, police might be contacted if an administrator has reason to believe that a photo might be a violation of law.

# RIGHT TO INFORMATION AND PRIVACY OF RECORDS

- Students are assured the right to information and privacy of their records in accordance with the Texas Public Information 5 Act and the Family Educational Rights and Privacy Act of 1974.
- Parents or eligible students have the responsibility to release information to those individuals or agencies that are working actively and constructively for the benefit of the student, including, for example, teachers, administrators, school nurses, etc.

## NOTIFICATION OF RIGHTS UNDER FERPA

### Directory Information Notice

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that APV-FFL, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, APV-FFL may disclose appropriately designated "directory information" without written consent, unless you have advised the open-enrollment public charter to the contrary in accordance with charter school procedures. The primary purpose of directory information is to allow APV-FFL to include this type of information from your child's education records in certain school publications.

#### Examples include:

- A playbill, showing your student's role in a drama or dance production
- The school newsletter
- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets or t-shirts, such as for soccer, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that print t-shirts or awards. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act* of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want APV-FFL to disclose directory information from your child's education records without your prior written consent, you must notify APV-FFL within 30 days of enrollment. APV-FFL has designated the following information as directory information:

- Student's name
- Participation in officially recognized activities and sports
- Address
- Dates of attendance
- Telephone number
- Weight and height of members of athletic teams
- Electronic mail address
- Honors and awards
- Photograph
- Grade level
- Date and place of birth

## MEDIA RELEASE

Students may participate and appear in video or audio recordings, films, photographs, written articles, or on websites and social media sites. This consent includes the use and editing of a student's image, voice and name in media projects by APV-FFL to print, broadcast or Internet media outlets, such as newspapers, radio and television stations and news websites. If you DO NOT wish for your child to participate in any of these activities the PEIMS Coordinator must be notified in writing otherwise it will be understood APV-FFL, including its employees and contractors, will be released from all claims resulting from the use and editing of my child's

**Parent-signed media releases are NOT needed when:**

- Photographing or videotaping anonymous students engaged in normal classroom/school activities.
- Photographing, videotaping or interviewing students at events that are open to the public, such as music, theater or athletic events.

**Parent-signed media releases are ALWAYS needed when:**

- Students are interviewed or will be identified by name in a photograph/news article.
- An individual student(s) is the focus of the story.
- Photographing, videotaping or interviewing students who are in special education classes/ services or certain specialized programs (drug/alcohol, detention/work detail, etc.).
- You feel that the photograph, videotape or interview may be used in a negative way.

## **STUDENT DISCIPLINE**

### **STUDENT MISCONDUCT**

- The **Code of Student Conduct and Parent Handbook** provides a description of a broad range of behavior considered to be student misconduct. The behavior described should be viewed as representative of the misconduct that most frequently causes a disruption to the orderly educational process. The acts of misconduct listed in Levels I, II, III, IV, and V are not inclusive. The student who commits an act of misconduct that may be classified into any of the five levels will be subject to disciplinary action by the classroom teacher, Assistant Principal, and/or Principal.

## **When and Where These Rules Apply**

- The policies and administrative procedures concerning Code of Student Conduct and Parent Handbook apply to actions of students on school property, school buses, and designated bus stops and, in some cases, for conduct occurring off school property. Under state law, a student may be expelled by APV-FFL for Level V misconduct that occurs on the property of another school district within Texas. Additionally, the rules apply to actions of students at all school-sponsored or school-related activities or events, such as field trips, sporting events, stadium assemblies, fairs, or evening school-related activities. Students should be aware that the commission of any felony offense, whether at school or away from school, may result in placement of the student in an APV-FFL expulsion. Finally, students should be aware that administrators who are made aware of criminal activity whether on or off campus will make a report to appropriate law enforcement agencies and that, in addition to these administrative rules, students may be subject to criminal charges for violations of the law.

## **Gang-Free School Zone**

- In addition to regular discipline, students should be aware that APV-FFL is a “gang-free school zone.” HB 2086 of the 81st Legislature established gang-free school zones and provides for enhanced punishment for gang-related criminal activity occurring in, on, or within 1,000 feet of any real property that is owned, rented, or leased by a school or school board. Under the statute, the punishment for certain offenses is increased to the punishment prescribed for the next- highest category of offense if the actor is 17 years of age or older and it is shown beyond a reasonable doubt after the trial of the offense that the actor committed the offense at a location that was owned, rented, or leased by a school or school board.

## **INVESTIGATION OF DISCIPLINE ISSUES**

In order to determine whether a violation of the Code has occurred, campus administrators or other authorized individuals may conduct an investigation. Investigations of student misconduct may involve, but are not limited to, interviews of other students, employees and adults, review of school surveillance footage, review of relevant documents, review of information on School-owned computers, verification of tips received from other individuals, gathering of physical evidence, contact of or cooperation with law enforcement agencies and officials. Law

enforcement may be contacted and informed of student conduct which may constitute a criminal offense.

Students should have no expectation of privacy with respect to School-owned property. Lockers, desks, and other items provided for student use remain School property, and students do not have a reasonable expectation of privacy in School property or in personal items placed inside School property. School administrators or other authorized personnel may monitor and search student desks and lockers for any reason. School officials may search any School property, including School property that is within a student's possession or otherwise being used by a student, at any time, with or without notice to the student and without consent. School officials may confiscate any items found during a search, including prohibited items, dangerous items or other items that violate School policy.

A student's person or property may be searched by authorized school officials if the official has a reasonable belief that the search will result in the discovery of evidence of a violation of the Code or of the law. Any personal property which is brought onto school property or to a school-sponsored or school-related activity or event, on or off school property, may be subject to search (*e.g.*, student cell phone, backpack, personal computer, purse, car, etc.).

### **Education during Suspension**

- Student absences while suspended shall be considered as excused absences.
- Students have the responsibility to make up all work missed while suspended within five school days after their return to school from suspension in order to receive credit for the work.

## **DISCIPLINE OF STUDENTS WITH SPECIAL NEEDS**

Students eligible for services under the Individuals with Disabilities in Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 (Section 504) are subject to discipline under those laws and in accordance with the provisions of this Code.

The School may take disciplinary action pertaining to the use or possession of illegal drugs or alcohol against any student with a disability under Section 504 who is currently engaging in the illegal use of drugs or in the use of alcohol to the same extent that the School would take disciplinary action against nondisabled students. The due process procedures afforded under Section 504 do not apply to disciplinary action for the use or possession of illegal drugs or alcohol. However, a student who is eligible for special education under the IDEA should have a

manifestation determination review conducted to address any use or possession of illegal drugs or alcohol if such conduct could result in a change of placement.

Any disciplinary action that would constitute a “change in the placement” of a student receiving special education services may be taken only after the student’s Admission, Review, and Dismissal (ARD) committee conducts a Manifestation Determination Review (MDR) in order to determine whether the student’s conduct was a manifestation of his or her disability.

A change in placement occurs if a student is:

- Removed from the student’s current educational placement for more than ten consecutive school days; or
- Subjected to a series of removals that constitute a pattern because:
  - The series of removals total more than ten school days in a school year
  - The student’s behavior is substantially similar to the student’s behavior in the previous incidents that resulted in the series of removals
  - Additional factors exist, such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

The School will determine, on a case-by-case basis, whether a pattern of removals constitutes a change in placement.

A student who has not been determined eligible for special education services and who has engaged in behavior that violates the Code is entitled to the protections under the IDEA regarding discipline of a student with special needs described above if the school has knowledge that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred. If the school does not have knowledge that a student is a student with a disability prior to taking disciplinary action, the student may be subject to the disciplinary actions applied to students without disabilities. If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary action, the evaluation shall be conducted in an expedited manner.

# **GENERAL DISCIPLINE GUIDELINES FOR ASSESSING PENALTIES**

One or more of these disciplinary consequences may be issued to a student found to have violated the Code. If the Code does not specify the appropriate disciplinary consequence for a particular type of student conduct, the school may issue whatever disciplinary consequence is deemed reasonable and appropriate, with the exception of expulsion. A teacher may have additional rules and consequences for student conduct in the classroom which may result in discipline under this Code or may be enforced in addition to any discipline issued under this Code.

If a student withdraws from the school before completing assigned In-School Suspension, Out-of-School Suspension, or Expulsion, the school shall send documentation of the discipline to the next school that enrolls the student. If a student withdraws from the school before the expulsion process is completed, the school may choose to complete the expulsion process and send documentation of the expulsion decision to the next school that enrolls the student. If the student returns to enroll in the school at a later date and has not been required to complete the disciplinary consequences previously required, the school may require the student to complete the discipline upon return.

The Code shall be applied and enforced consistently and equitably among students, with the understanding that every disciplinary situation will differ, and decisions will be made based on the individual facts and circumstances of a given situation.

Depending on the nature and severity of the offense, discipline may be issued by the student's classroom teacher, campus administrator, or administrator's designee, in accordance with this Code. In order to make a determination of misconduct or issue disciplinary consequences under this Code, the authorized school employee must have a reasonable belief that the student engaged in the suspected conduct. The employee's conclusion may be based on any relevant evidence including, but not limited to, observation, other personal knowledge, verbal or written witness statements, other forms of documentation, or information received from law enforcement.

**When administering discipline, district personnel shall adhere to the following general guidelines:**

- Discipline shall be administered when necessary to protect students, school employees, or property and to maintain essential order and discipline.
- Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of the circumstances of each case. Administrators should use caution and should ordinarily consider developmentally appropriate interventions for very young children who engage in misconduct. Factors that must be considered in each decision concerning suspension, removal to a disciplinary alternative education program, expulsion, or placement in a juvenile justice alternative education program, regardless of whether the decision concerns a mandatory or discretionary action, include such factors as:
  - Student intent
  - The nature and severity of the alleged conduct
  - Whether the student has previously engaged in similar conduct
  - The severity of the effect or harm of the conduct on other persons or property
  - The frequency of the conduct
  - Seriousness of the offense
  - Student's age and intent or lack of intent at the time the student engaged in the conduct
  - Student's disciplinary history
  - Student's attitude
  - Potential effect of the misconduct on the school environment
  - State law requirements for certain disciplinary consequences
  - whether the facts of the case warrant consideration of self-defense as a mitigating factor in the assessment of any punishment
  - Whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct
  - Serious offenses are those that substantially disrupt or materially interfere with the orderly process in the classroom, the school, or any school-related activity and may include persistent misbehavior or Level II or higher misconduct. Persistent shall be defined as more than one instance of Level II or higher misconduct. An administrator may find, on the basis of the facts and circumstances of the case, that a Level III offense constitutes a serious offense. Finally, a finding that a student has engaged in any offense listed as an offense under Level IV or Level V constitutes a finding that the student has engaged in serious misbehavior.

- One or more of these disciplinary consequences may be issued to a student found to have violated the Code. If the Code does not specify the appropriate disciplinary consequence for a particular type of student conduct, the school may issue whatever disciplinary consequence is deemed reasonable and appropriate, with the exception of expulsion. A teacher may have additional rules and consequences for student conduct in the classroom, which may result in discipline under this Code or may be enforced in addition to any discipline issued under this Code.
- The school may issue discipline based on a determination that a student has engaged in conduct, which meets the elements of a criminal offense. The school has the authority to make such a determination without regard for whether the student is arrested, charged, or otherwise processed by the criminal justice system for the criminal offense. The school may consider information received from law enforcement or other entities within the criminal justice system in issuing discipline under this Code.
- Actions will not be based on a student's race, ethnicity, national origin, gender, sex, religion, disability, or any other unlawful consideration.

## **GENERAL PROCEDURES FOR RESOLVING SCHOOL PROBLEMS**

- General Procedures for Resolving School Problems can best be resolved at the campus level, where problems start. In order to resolve problems, parents, guardians, and/or students can meet with a teacher at appropriate times to discuss existing problems. If parents, guardians, or students are dissatisfied with the teacher's decision or explanation, they can meet with the building administrator to review the area of concern.

# LEVELS OF STUDENT MISCONDUCT AND DISCIPLINARY OPTIONS

- Some infractions will result in a referral to an administrator. The disciplinary response depends on the offense, previous actions, and the seriousness of the misbehavior. Level II acts of misconduct include those student acts that interfere with orderly educational process in the classroom or in the school. - Discipline Referral Form is retained by the administrator
- Level II behavior violations and discipline options/responses are not limited to those provided
- Repeated violations shall result in a more severe response and/or referral to level III

**The following are the immediate steps taken by the administrator.**

1. Lunch/Ancillary Detention
2. In School Suspension
3. Out of School Suspension

***Detention and ISS will be assigned by administrators.***

## **LEVEL III: MISCONDUCT RESULTING IN SUSPENSION/REMOVAL FROM CLASSROOM**

- Level III acts include misconduct for which an administrator may suspend the student, place the student in in-school suspension, or, if the administrator finds the Level III misconduct to be serious or persistent as defined in this Code, refer the student for possible expulsion from campus. The Principal or other appropriate administrator makes the disciplinary determination on the basis of the severity of the misconduct. The period of the suspension is limited to three days per occurrence.

## **LEVEL IV AND LEVEL V- EXPULSION FOR SERIOUS OFFENSES:**

- Offenses that include those for which a student may or shall be expelled under state law.
- Offenses that include those for which a student may or shall be expelled under state law. They include continued serious or persistent misbehavior that violates the district's Code of Student Conduct and Parent Handbook by a student while placed in probation. A finding that a student engaged in an offense listed under Level V constitutes a finding that the student has engaged in serious misbehavior. Staff members will use their professional judgment to determine the most effective way to correct student misconduct. Disciplinary actions apply equally to all students, except as provided under Administrative Regulations related to disabled students.

### **Suspension/Probation and/or Optional Removal from Campus**

In addition, a student may be suspended, placed in in school suspension, or if serious or persistent behavior occurs, removed from the regular classroom, and expelled for engaging in the following conduct at school or at a school-related event:

A student may be assigned to one or more sessions of detention or placed in in-school suspension for engaging in prohibited conduct under this Code. The student's parent or guardian will be notified by phone and in writing of the student's conduct and assignment to detention or in-school suspension. Detention will be held outside of the instructional day, either before or after school, during lunch period, or during recess. In-school suspension will require the student to report to the principal or assistant principal to receive further instructions. While in in-school suspension, the student will be provided the appropriate class assignments and will be expected to complete those assignments as if the student were in the regular classroom.

## Out-Of-School Suspension

A student may be suspended for one or more school days for engaging in prohibited conduct under this Code. The student's parent or guardian will be notified by phone and in writing of the student's conduct and the length of the period of suspension. A student may not be suspended for more than three consecutive school days. During a period of suspension, the suspended student may not enter onto school property or participate in or attend school-sponsored or school-related events or activities. The student's teachers will provide assignments that the student will be expected to complete during the period of suspension. Student assignments or other class work completed during a period of suspension will be accepted for grading if completed in a timely fashion.

## REASONS FOR EXPULSION

A student [may/must] be expelled from the school if he or she is found to have committed any of the acts listed below.

## EXPULSION PROCESS

If the school administrator or administrator's designee determines that the student's conduct warrants expulsion, the administrator shall provide written notice to the parent, guardian, or adult student of the proposed expulsion of the student. The written notice shall also include the reason(s) for the proposed expulsion and the date, time, location, and procedure for the expulsion hearing. The student is entitled to a hearing with the campus administrator during which the student and/or the student's representative (*e.g.*, parent, guardian, attorney, other) will have the opportunity to review and present evidence and information. The campus administrator may place reasonable restrictions on the conduct of the hearing, including the length of the presentations. At the end of the hearing, the campus administrator may issue a decision immediately or may wait until a later date to communicate a decision. The administrator shall send written communication of the decision to the parent, guardian or adult student. If the administrator determines that expulsion is appropriate, the written decision ("Expulsion Order") shall include the length of the term of expulsion.

The parent, guardian or adult student may choose to **voluntarily** waive the right to an expulsion hearing by signing a hearing waiver form provided with the notice of proposed expulsion. If the hearing is waived, the administrator will review the relevant evidence and issue a written decision to the parent as described above.

The school will notify the independent school district in which the student resides of the student's expulsion within three business days of the Expulsion Order.

## TERMS OF EXPULSION

The period of expulsion may be determined by many factors, including the severity of the conduct and the existence of a continuing risk of harm to other students and employees if the student were allowed to return. An expulsion may be temporary or permanent. A temporary expulsion may range in length from 4 school days to one calendar year. A permanent expulsion allows the School to deny future admission to the student based on consideration of the student's past

disciplinary history. In each instance, the Expulsion Order must explain the circumstances which justify the length of the expulsion.

**PERMANENT EXCLUSION FROM ADMISSION REQUIRED:** A student expelled from the School for any length of time is not eligible for readmission to the school at any time.

## DISCIPLINE APPEAL PROCESS

With the exception of expulsions, student discipline decisions at the campus level are final and not appealable. A parent, legal guardian, or adult student may appeal an expulsion decision by filing a written appeal with the principal within 5 business days of the date of the Expulsion Order. The principal or principal's designee will review the record of the expulsion proceedings at the campus level, along with any other relevant information, and will issue a written decision to the appealing party within 10 business days of receiving the request for review.

If the appealing party is not satisfied with the decision of the Principal or Principal's designee, he or she may appeal that decision to the School Board of APV-FFL by filing a request for review with the principal's office within 5 business days of the date of the decision. The principal shall notify the School Board of APV-FFL and arrange for the School Board of APV-FFL to hear the complaints of the appealing party at the next available board meeting. The principal shall notify the appealing party of the location, date and time of the hearing in front of the School Board of APV-FFL. The decision of the School Board of "APV-FFL" is final and not appealable. An expulsion action will not be delayed during the appeal process.

### Provision for Appeal

- The appeal process for excessive absences starts with the parent/student and his or her principal. The appeal may go to the Attendance Review Board made up of teachers, counselor, and administrators.
- Parents or guardians are not allowed to pick up students between 2:00 p.m. and 3:30pm on regular school days and between 11:30 pm and 1:00 p.m. on early release days.
- If a parent picks up their child late from school, the parent must pay a fee of \$5.00 for every fifteen minutes they are late.

# PARENT ATTENDANCE GUIDELINES

- Annual Warning Notice: In this section “parent” includes a person standing in a parental relationship. (TEC 25.095(d))
- At the beginning of the school year, a school district shall notify the parent in writing if the student is absent from school on 10 or more days or parts of days the parent is subject to prosecution for “parent contributing to non-attendance” and the student is subject to prosecution for “failure to attend school”. (TEC 25.095(a)).
- Partial day absences include but are not limited to arriving ten or more minutes late to school, arriving ten or more minutes to class, skipping class and early pick-ups before school is over.
- When a student has been absent from school, without excuse, for three days or parts of days, the school shall notify the parent.
- Inform the parent that it is the parent’s duty to monitor the student’s attendance and require the student to attend school.
- Inform the parent that the parent is subject to prosecution.
- Request a conference between school officials and the parent (TEC 25.095(b)).
- Parent Contributing to Non-Attendance: If a warning notice is issued as required by TEC 25.095(a)), the parent, with criminal negligence, fails to require the child to attend school as required by law, and the child has absences for the amount of time specified under TEC 250094, the parent commits an offense. (TEC 25.093(a))

## Zero Tolerance/Pursuit of Criminal Charges

- The APV-FFL School, Board, in accordance with its major system priorities, believes the school environment should be safe for all students and free of disruptions that interfere with the educational process. In response to this belief, the School Board has developed a policy of zero tolerance. This policy shall apply to elementary and middle-school students. In cases where students in elementary or middle school engage in conduct that contains the elements of an offense in violation of the Penal Code or the Education Code, the school district will pursue arrest, charges, and probationary contracts, juvenile detention facility, or county jail. Parents and students should be aware that Houston Police Department officers are peace officers commissioned by the State of Texas and are authorized to enforce all laws or take any action to enforce the law whether on campus or away from campus.

## **Reports to Local Law Enforcement**

- The principal has an obligation under the law to notify the Houston Police Department if he or she has reasonable grounds to believe that a student has engaged in any criminal offense in school, on school property, or at a school sponsored or school-related activity on or off school property. The principal or other administrator who notifies local law enforcement of these offenses shall notify each instructional or support-staff member who has regular contact with the student who has committed an expellable offense.

## **CORPORAL PUNISHMENT**

- School Board prohibits corporal punishment as a disciplinary method within the “APV-FFL” school.

## **STUDENTS REQUIRED TO REGISTER AS SEX OFFENDERS**

Any student who is required to register as a sex offender under Chapter 62 of the Code of Criminal Procedure and who is under any form of court supervision, including probation, community supervision, or parole, shall be removed from APV-FFL for at least one semester. If a student is required to register as a sex offender under Chapter 62 of the Code of Criminal Procedure and is not under any form of court supervision, APV-FFL may expel the student for one semester or elect to leave the student in the regular classroom. The district may not leave the student in the regular classroom if the School Board’s designee determines that the student’s presence in the regular classroom:

- Threatens the safety of other students or teachers
- Will be detrimental to the educational process
- Is not in the best interests of the district’s students

A student or the student’s parent or guardian may appeal the decision to place the student in the Disciplinary Alternative Education Programs (DAEP) by requesting a conference among the School Board’s designee, the student’s parent or guardian, and the student. The conference is limited to the factual question of whether the student is required to register as a sex offender

under Chapter 62 of the Code of Criminal Procedure. If the School Board's designee determines at the conclusion of the conference that the student is required to register as a sex offender under Chapter 62 of the Code of Criminal Procedure, the student shall be expelled. The decision of the School Board's designee is final and may not be appealed.

## **PROCEDURES FOR TEACHER REMOVAL OF STUDENTS**

The Texas Education Code provides teachers with three ways to maintain discipline by removing unruly or disruptive students from the classroom. Each alternative for removal of students carries different disciplinary alternatives.

### **Reasons for Teacher Removal of Students**

#### **Alternative I**

- A teacher may send a student to the Principal's or Assistant Principal's office to maintain effective discipline in the classroom as stated in Level II after other alternatives have been tried and after parent notification.
- If the student is removed to maintain effective discipline as stated under Alternative I, the principal or Assistant Principal is free to employ any disciplinary management technique or option authorized by the Code of Student Conduct and Parent Handbook as determined by the level of the offense and the seriousness of the misconduct. The student removed under this provision may be returned to the teacher's class. This alternative corresponds to Levels I and II and to the Optional Removal of Expulsion under Level III.

#### **Alternative II**

- A teacher may remove a student from class who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn. Documentation should ordinarily be through a written factual account of the behavior that is occurring in the classroom.

- A teacher may remove a student from class whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

### **Disciplinary Options under Alternative II**

Subject to the review procedures outlined in this section, the disciplinary options available to the principal include:

- Placement in another appropriate class
- Placement in in-school suspension

### **Alternative III**

- A teacher is required to remove from class and send to the principal for disciplinary action a student who engages in Level IV or Level V misconduct.

### **Disciplinary Options Under Alternative III**

- If the student is removed under Alternative III for engaging in Level IV or Level V misconduct, then the student may or shall be expelled as appropriate or as required by state law. Procedures for removal or expulsion shall be followed.

## **STUDENTS' RIGHTS AND RESPONSIBILITIES:**

### **Sexual Harassment/Sexual Abuse/Dating Violence**

#### **Sexual Harassment by Students**

- Students shall not engage in sexual harassment toward another student or a school employee. A substantiated charge of sexual harassment against a student shall result in disciplinary action.

## **Sexual Harassment/Abuse by Employees**

- School employees are prohibited from sexually harassing or sexually abusing students.  
**Romantic relationships between students and employees are prohibited.**

## **Dating/Relationship Violence**

- The school prohibits sexual harassment, dating violence, and harassment based on a person's age, race, color, ancestry, national origin, sex, handicap or disability, marital status, religion, political affiliation, sexual orientation, gender identity and/or gender expression. Dating violence occurs when one partner in a dating relationship, either past or current, intentionally uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include but are not limited to, physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors against the targeted student.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities

## **Reports to Lawful Authorities**

- Any school employee who receives information about sexual harassment or sexual abuse of a student that may reasonably be characterized as known or suspected child abuse or neglect shall make the reports to appropriate authorities, as required by law, within 48 hours.

- APV-FFL shall notify the parents of all students involved in sexual harassment by a student or students when the allegations are not minor. The district shall notify parents of all incidents of sexual harassment or sexual abuse by an employee.

## **Investigations**

- All reports of sexual harassment that are not minor shall be referred to the principal or a designee. Oral complaints shall be reduced to writing to assist in the district's investigation. To the greatest extent possible, complaints shall be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

## **Protection from Retaliation**

The school shall not retaliate against a student who in good faith reports perceived sexual harassment or sexual abuse.

# **PROCEDURE FOR SEXUAL HARASSMENT/DATING VIOLENCE**

For purposes of the following complaint process, "*days*" shall mean calendar days.

## **Level One:**

- A student or parent who has a complaint alleging sexual harassment by another student or other students or sexual harassment or sexual abuse by an employee may request a conference with the principal or a designee. The student may be accompanied by a parent or other advisor at the initial conference and throughout the complaint process. The initial conference with the student ordinarily shall be held with a person who is the same sex as the student. The conference shall be scheduled and held as soon as possible, but in any event within seven days of receipt of the complaint. At the conference, the persons bringing the complaint shall be informed of the right to file a complaint with the Office of Civil Rights. The principal or designee shall coordinate an appropriate investigation, which ordinarily shall be completed within seven days of receipt of the complaint. The student or parent shall be informed if extenuating circumstances delay the investigation. Nothing

in the complaint process shall have the effect of requiring a student alleging sexual harassment or sexual abuse to report the matter to the person who is the subject of the complaint.

#### **Level Two:**

- If the resolution of the complaint at Level One is not to the student's or parent's satisfaction, the student or parent has seven days to request a conference with the principal or a designee, who shall schedule and hold a conference. Prior to or at the conference, the student or parent shall submit a written complaint that includes a statement of the complaint, any evidence in its support, the resolution sought, the student's and/or parent's signature, and the date of the conference with the principal or designee.

#### **Level Three:**

- If the resolution of the complaint at Level Two is not to the student's or parent's satisfaction, the student may present the complaint to the School Board at its next regular meeting. The complaint shall be included as an item on the agenda posted with notice of the meeting. Announcing a decision in the student's or parent's presence constitutes communication of the decision.
